

Stealth EPiC Seating is exclusively available on the Leggero Enzo directly out of the box!

What is EPiC Seating?

EPiC Seating™ is a Postural Management System that introduces movement into a wheelchair seating environment.

The system provides the ability to change positions of function while maintaining control of the pelvis, mitigating the experience of shearing.

EPiC Seating is now coded K0108!

Why combine Leggero's Enzo with Stealth's EPiC Seating?

- Does not void the Enzo's factory warranty
- Allows a client to reposition independently for comfort or tool-free adjustment by a caregiver
- Provides multiple resistance levels to accommodate a wide range of clients

Leggero

ENZO

From the first concept to the final system, every aspect of the Leggero Enzo was designed to maximize in aesthetics, performance, and safety.

The Enzo utilizes lightweight, weld-free cast aluminum, and precise machining to provide unparalleled rigidity in folding and rigid configurations.
